1. BASIS FOR THE PREPARATION AND INFORMATION ON PRINCIPLES ADOPTED FOR PREPARING THE CONSOLIDATED REPORT ON PAYMENTS TO GOVERNMENTS

The consolidated report on payments to governments („Report”) has been prepared in accordance with Minister of Finance Regulation of 19 February 2009 („Regulation”) on current and periodic information provided by issuers of securities and conditions for recognition as equivalent information required by the law of a non-Member state (uniform text: Official Journal 2014, item 133, as amended Official Journal 2016, item 860, point 13) and presents payments to governments in the extractive industry of the Capital Group of Polski Koncern Naftowy ORLEN S.A. („Group”) in the year 2016.

Polski Koncern Naftowy ORLEN S.A. as the Parent Company is required to prepare consolidated report on payments to governments as at 31 December 2016 covering data of the Parent Company and its subsidiaries involved in the extractive industry.

Payments presented in the Report relate to exploration, recognition and extraction of hydrocarbons in Poland and in Canada and extraction of rock salt in Poland.

The Group discloses returns in the period of receiving them and are presented in the Report as negative values.

More information on extractive industry is presented in the Management Board Report on the operations of the ORLEN Group and PKN ORLEN S.A. published on website: <http://www.orlen.pl/EN/InvestorRelations/FinancialData/Pages/FinancialResults.aspx>

2. TERMINOLOGY USED

Government - under the Regulation, any national or local authority as well as all entities controlled by that authority, and in other countries of the European Economic Area („EEA”) or countries outside the EEA - any national, regional or local authority of the EEA or a country outside the EEA and entities supervised or controlled by those authorities.

In 2016, all payments disclosed in the Group were made to national and local governments as well as to entities controlled by that authority in Poland and to local governments and entities supervised or controlled by national and local authority in Canada.

Project - under the Regulation, the operational activity which is governed by a single contract, licence, lease or concession, being the basis for payment liabilities to a government of individual countries.

The Group aggregated the payments within a single project if several such agreements were substantially interconnected. Substantially interconnected means geographically integrated concession units and purpose of work carried out on them resulting, to a significant extent they are considered jointly for the program of conducted exploration and prospecting works and construction of the necessary infrastructure for development of hydrocarbons.

Reporting currency - the reporting currency of the foregoing Report is Polish Zloty (PLN). Payments are presented in PLN thousands. All amounts are rounded to the nearest thousand.

Materiality threshold - according to the Regulation, the Group did not include payments were a single payment or a series of related payments did not exceed PLN 424.7 thousand.

Principles applied to translation of financial data - payments to governments of foreign entities operating in Canada as at 31 December 2016 were translated using the average exchange rate published by the National Bank of Poland as at 31 December 2016 - 3.0995 CAD/PLN.

Payments - under the Regulation, amount paid whether in money or in kind for activities in the extractive industry.

In the Report the Group presented the total amount of payments made in the financial year on its own behalf or through business partners.

In 2016, the Group identified the following payment types:

– Taxes on income, production or profits (Taxes)

Under the Regulation, taxes levied on income, production or profits excluding taxes on consumption, such as value added tax, personal income tax or sales tax.

The Group presented in this item mining fees as a tax on production, the size of which depends on the realized volume of extraction.

– Royalties

Fee for use of non-current assets of the entity for the rights to the exploration and exploitation of natural resources (e.g. minerals or crude oil and natural gas).

The Group has this type of payments for crude oil, natural gas and gas condensate of NGL (natural gas liquids) in Canada. Payments for crude oil are made in cash and in kind, remaining only in cash. The value of payments in kind is determined based on the volume and the reference price of a given species of crude oil specified by the Alberta Department of Energy.

– Concession fees

In 2016, the Group incurred concession fees be granted concessions and fees for extending the duration of the concession.

– License fees, lease fees, charges for start-ups and other benefits arising from the granting of licenses or concessions (Other fees and benefits)

Under this item the Group presented fees for the mining usufruct of exploration and prospecting concessions, environmental fees (for the effluent discharge to water or to the ground, the water consumption, releasing gases and dust into the air) in Poland and lease payments in respect of the concessions and payments into the reclamation fund in Canada.
