Reporting on PKN ORLEN's activity in the corporate social responsibility area

In 2015, PKN ORLEN commenced the implementation of its corporate social responsibility strategy (CSR) for 2015-2017. The strategy assumes that goodwill growth should take place in harmony with the interest of the environment and should be based on sustainable and responsible use of resources. This means that corporate social responsibility principles are taken into account in the process of creation of business projects. Defining measurable CSR goals will allow for analyzing and assessing the effects derived from these measures in the Concern and its environment. The strategy basing on "Values and principles of conduct adopted by PKN ORLEN S.A." is also to motivate employees to seek new ideas and innovative solutions. Supporting business, the strategy is building a sense of co-responsibility for the implementation of CSR in the organization and promotes the idea of responsibility and involvement among the stakeholders. The pillars of the CSR strategy are:

- Organization, where the goal is to build permanent relations with employees, basing diversity, the sense of safety, development possibilities, and the combination of social and professional roles. Initiatives in this area concentrate on raising the safety of employees, managing development and diversity, and ensuring proper balance between work and

private life;

- Direct environment, where the priority is to develop social sensitivity and responsibility for business partners and clients by sharing good practices, knowledge and implementing the highest CSR standards. Initiatives in this area concentrate on building an image of a responsible company, conducting projects devoted to social commitment, promoting CSR among the stakeholders and encouraging their responsibility;
- Indirect environment is an area, where PKN ORLEN embarked on implementing the strategy and promoting the innovative attitude, setting the highest standards in the industry in terms of business ethic and environment protection. The projects implemented contribute to the development of new business areas, execution of investments in a responsible manner, determination and promotion of ethical standards in business.

In 2015, the CSR strategy was implemented according to the pre-assumed plan. In PKN ORLEN, 16 coordinator have been monitoring works on 55 projects, in turn, the Capital Group has implemented 488 measures in the area of CSR. 27 coordinators have been supervising their timely completion. The Management Board of PKN ORLEN and the Supervisory Board CSR Committee periodically review its execution.

PKN ORLEN boasts rich traditions in pro-community initiatives and activities in this area. One of the most important elements of these measures is the ORLEN's Foundation – DAR SERCA established in 2001. Since the beginning of its activity, the Foundation has been providing universal help to foster homes, consistently promoting this form of foster care as the most effective method of providing proper conditions for personal growth to children devoid of their natural families. The Foundation is currently maintaining 2 500 children in more than 300 foster homes. Furthermore, the foundation has also launched several scholarship programs. Their goal is to support young people in the process of education and to strengthen their motivation. The Corporate Foundation has also taken active part in projects aiming at improving safety and health protection, e.g. the "NIE DLA DYMU" ("SAY NO TO SMOKE") campaign. The Foundation has been closely cooperating with PKN ORLEN in its program to support fire brigades. A major part of the Foundation's activity includes projects aimed at the local community. The Foundation is providing regular updates on the its ongoing projects on its dedicated website, in the form of annual statements and the Debeściaki fanpage, which posts regular comments by nearly 22 thousand fans.

In community initiatives of PKN ORLEN and ORLEN's Foundation – DAR SERCA also participate PKN Orlen's clients and the members of the VITAY loyalty program. They have been increasingly interested in devoting their points to charity purposes: foster care support or environmental projects.

In 2015, PKN ORLEN issued its first Integrated statements. This new formula combines financial reporting with CSR reporting and guidelines of the International Integrated Reporting Council. The formula also considers the directions of new EU legislation in reference to the disclosure of non-financed information and

information regarding diversity. The report titled "Napędzamy Przyszłość" ("Fueling the Future") presents the relations and mutual dependences between financial and non-financial aspects of PKN ORLEN activity as well as selected ORLEN Group companies. The report refers to global standards and trends in corporate reporting. These assume departure from the presentation of annual results in a formula which is strictly associated with the organizational structure of the company, in favor of a more dynamic and universal approach to communication with stakeholders. The pillars serving as the basis for integrated reporting – value-building, financial strength, people – present the processes which take place in the company and the measures focused on building its value in a holistic manner. Non-financial data was presented according to international guidelines of the Global Reporting Initiative (GRI) in version G 4.

The principles of sponsoring activity conducted by PKN ORLEN are set forth in internal regulations codified in annual marketing plans and in a disposition defining the principles of purchase of sponsoring services. Selecting the projects to carry out, the Concern adheres to ethical principles in force in the company, which explicitly exclude the participation of PKN ORLEN in projects which can be recognized as:

- a) promoting hate and belittling individuals or communities on the account of race, belief, religion, nationality, sexual orientation, health condition, etc.,
- b) promoting non-humanitarian and non-ethical behaviors or behaviors commonly recognized as offensive,
- c) affecting or promoting addictions,
- d) insulting the good name of the Republic of Poland in the world and maligning its national symbols,
- e) promoting vulgar, obscene contents exceeding the values of artistic expression,
- f) non-ecological activities or activities which can have negative effect on the natural environment,
- g) activities promoting non-observance of good practices in terms of road safety, promoting dangerous behaviors on the roads and in other aspects of life (e.g. major violation of traffic or fire safety regulations).

Considering the above specified conditions, in its sponsoring activity, the Concern is focusing on selected thematic areas, such as: film, theater, literature, music, education, local projects addressed at communities inhabiting areas of particular interest from the point of view of the activity of the Concern, and social projects. Our initiatives receive vast support on the "Niesamowici Ludzie" fanpage, followed by more than 72 thousand facebook users.

PKN ORLEN communicates its social initiatives, among others, via the corporate website, in the "Responsible business" bookmark, containing the basic information on the principles of the sponsoring policy adopted by PKN ORLEN, as well as information on the procedure for applying to PKN ORLEN for sponsoring. The Concern's social initiatives are extensively described in social impact reports published since 2013. So far, eleven social impact reports have been published. Since 2008, the reports have been drawn up according to the international GRI (Global Reporting Initiative) standard.

4.2 Internal audit and risk management systems

The Company's system of internal control and risk management in the process of financial statements preparation is implemented through:

- verification whether a uniform accounting policy is applied by the ORLEN Group companies as regards the recognition, measurement and disclosures in accordance with the International Financial Reporting Standards (IFRS) as adopted by the European Union
- following accounting standards and monitoring compliance with them,
- following uniform separate and consolidated financial reporting standards and periodic verification whether these standards are properly applied in the ORLEN Group companies,
- verification of the ORLEN Group companies' financial reports compliance with the data placed into integrated IT system used to prepare the ORLEN Group's consolidated financial statements,
- a review, by an independent auditor, of the published financial statements for the I quarter, the half-year and the III quarter of the year and the audit of the annual financial statements of PKN ORLEN and the ORLEN Group,
- procedures to authorize and give opinions about financial statements before they are published,
- carrying out an independent and objective evaluation of risk management and internal control systems.

Recording of economic events in PKN ORLEN is conducted in an integrated financial - accounting system, which configuration is compatible with the Company's accounting policy.

This system is the leading system in the ORLEN Group. Thanks to a uniform IT platform used the Parent Company has control over the recording of financial – accounting events within the ORLEN Group. The system has an option enabling the control of access rights of different users in a way that ensures the control over their access to specific objects and transactions.

All actions performed in the system are recorded for individual transactions and users. In order to protect against unauthorized access, the entire system, along with the user data, is stored in a special directory structure of the operating system, which is secured with the appropriate access rights.

Security and availability of information contained in the financial-accounting system are controlled at all levels of the database, applications and presentations as well as at the level of operating system. System integration is ensured by the data entry control systems (validation, authorization, a list of values) and logs of changes. In case of system failure not completed transactions are withdrawn. Logs of changes give the possibility of path reviews.

Users do not have direct access to the operating system and database. Integrated menu of the system includes access paths to all transactions available in the system. Securing the access to individual transactions is based on the authorizations assigned to the user. Security systems are used at the hardware and software level of the system.

In order to ensure that unified accounting standards are applied, the ORLEN Group companies have to follow, for the purpose of

preparing the consolidated financial statements, the accounting policy adopted by PKN ORLEN and approved by ORLEN Group companies. It is periodically updated to ensure that it complies with the applicable laws, specifically with the IFRS, the Accounting Act

dated 29 September 1994 and the Ministry of Finance Regulation dated 19 February 2009 on current and periodic information provided by issuers of securities. The Corporate Accounting Office monitors whether this obligation is fulfilled and conducts comprehensive analytical procedures supplemented with control activities, as well as develops instructions and guidelines on identified issues that require detailed explanations to ensure proper and uniform financial reporting principles.

The consolidated financial statements are prepared based on the integrated IT system where consolidation process of entered data from reporting packages provided by the ORLEN Group companies is performed. The system is designed for financial management and reporting purposes. The system enables the unification of financial information. Results budgeted and forecasted data as well as statistics are gathered in one place, what ensures direct control and compatibility of the entered data.

The data is reviewed in terms of their cohesion, completeness and continuity, which is achieved thanks to controls implemented in the system, which check the compliance of data entered by the companies.

Designated users of the system supervise the safety management of the system and established stages of consolidation process management. Granting access rights to individual users is strictly dependent on the security roles defined for (assigned to) them. Appropriate security classes have been set up for individual users in order to maintain control. Access to financial resources is limited by a system of permissions that are granted to authorized personnel only within the performance of their duties. These authorizations are subject to regular audits and verification. Controlling of the access to applications is carried out at each stage of preparation of the financial statements. Starting from data entry and ending with the generating of the final information.

Financial information is stored in an IT system, so that they can be used to create transparent reports and forecasts, both for internal needs and external recipients, such as public bodies, financial analysts, shareholders and business partners.

The preparation of consolidated financial statements in a single integrated tool enables to shorten the processes of consolidation and reporting of financial information as well as to obtain high-quality substantive and usable financial information.

In order to reduce on a current basis the risks relating to the process of the financial statements preparation, they are quarterly verified by an auditor, i.e. more often than required under the applicable law. The financial statements for the I quarter, the half-year and the III quarter of the year are reviewed by the auditor, whereas the annual financial statements are subject to audit. The auditor presents the results of the reviews and audits to the Management Board and the Audit Committee of the Supervisory Board.

The Company has certain procedures to authorize the financial statements under which the periodical reports are submitted to the Management Board and subsequently, forwarded to the Audit

Committee of the Supervisory Board for their opinion. Once the opinion has been obtained from the Audit Committee and once the auditor has ended its review or audit, the financial statements are approved by the Management Board for publication and subsequently forwarded by the Investor Relations Office to the appropriate capital market institutions and public opinion. Before the publication the financial statements are provided solely to persons involved in the preparation, verification and approval process.

The Company has an Audit and Corporate Risk Management Department which has to ensure an independent and objective evaluation of the risk management and internal audit systems, and analyze business processes.

The Department operates basing on the annual audit plans approved by the Management Board and accepted by the Audit Committee of the Supervisory Board and the Supervisory Board. The Audit and Corporate Risk Management Department can also carry out random audits as ordered by the Company's Supervisory Board or the Management Board.

Within the realized tasks and objectives, the Audit and Corporate Risk Management Department provides recommendations as to the implementation of solutions and standards for realized audit

tasks, designed to mitigate the risk of PKN ORLEN not meeting the targets set, to improve the effectiveness of the internal control system and to increase the efficiency of business processes.

Twice a year the Audit and Corporate Risk Management Department prepares a report for the Management Board and the Audit Committee of the Supervisory Board on the implementation status of recommendations monitoring, which summarizes the conclusions regarding the audit tasks performed and monitors the realization of the Company's financial statements auditor's recommendations. Adhering to the principles set forth by the Institute of Internal Auditors Research Foundation, the Audit, Control and Risk Management Office has been also conducting consultancy projects.

Additionally, the Audit and Corporate Risk Management Department coordinates the process of corporate risk management and ensures the tools and methodological support for the business areas. The department manages the process of risks self-evaluation every year and carries out the tests of control mechanisms to the needs of Integrated Enterprise Risk Management System (ERM). Based on the work performed the Department prepares a report on the current risk profile of PKN ORLEN and an evaluation of the effectiveness of functioning control mechanisms, under the ERM.

4.3 Corporate Governance rules, which were not applied

In 2015, except for one rule, PKN ORLEN applied all principles of the effective collection of the Code of Best Practice for WSE Listed Companies.

In 2013, in relation to the entry into force, on 1 January 2013, of the Code of Best Practice for WSE Listed Companies. PKN ORLEN notified that it did not comply with the rule of part IV, point 10 of Best Practices, concerning the procurement of the possibility to the shareholders of taking part in the General Meeting with the use of electronic communications involving a transmission of debates of the General Meeting and bilateral communication in real time (elements of "e-general meeting").

The Company's Management Board proposed to the shareholders the introduction of the above rule to the Articles of Association and the Bylaws of the General Meeting twice, but on both occasions

the shareholders did not approve the proposal at Ordinary General Meetings held on 29 June 2011 and 30 May 2012.

On 16 May 2013, the Company reported disobedience of this rule via the EBI system. Disregarding above rule does not affect the reliability of the Company's reporting policy of the Company nor does it give rise to any risk of shareholders being limited or impaired in respect of their participation in the debates of General Meetings.

The remaining rules concerning the organization and conduct of the General Meetings are complied with. The Company complies with the provisions of law applicable in this respect and strives for implementing the appropriate reporting policy. PKN ORLEN organizes broadcasting with simultaneous translation into English and the archive video recordings are available on the Company's website at: www.orlen.pl. The Company enables representatives of media to participate in its general meetings.

4.5 Special control and voting rights

One PKN ORLEN share confers the right to one vote at the Company's General Meeting.

As regards the voting right of particular shareholders, the Articles of Association state as follows:

- The voting right of the Company's shareholders is restricted to the extent that at the General Meeting of Shareholders none of them can exercise more than 10% of the total votes existing in the Company as at the date the General Meeting of Shareholders is held, provided that such a restriction of the voting right does not apply for the purpose of determining the duties of acquirers of significant stakes in accordance with:
 - Competition and Consumer Protection Act of 16 February 2007,
 - Accounting Act of 29 September 1994,
 - Act of 22 September 2006 on Transparency of Financial Relations between Public Authorities and Public Entrepreneurs and on Financial Transparency of Certain Entrepreneurs,
 - Act of 29 July 2005 on Public Offering and Terms for Introducing Financial Instruments to the Organized Trading System and Public Companies.
- The restriction does not apply to the State Treasury and the depository bank which issued depository receipts in connection with the Company's shares under the agreement with the Company (in case the bank exercises the voting right from the Company's shares). The voting right exercised by the subsidiary is deemed to be exercised by the parent company within the meaning of the above mentioned acts. In order to calculate the number of votes held by a shareholder the voting rights from the shares is added to the number of votes that the particular shareholder would acquire in the event of converting the held depository receipts into shares.
- A shareholder is deemed to be each person including the parent company and its subsidiary that is directly or indirectly entitled to the voting right at the General Meeting under any legal title; that

refers also to a person that is not a Company's shareholder in particular a user, pledgee, a person authorized from the depository receipt within the meaning of the Act of 29 July 2005 on Trading in Financial Instruments as well as a person authorized to participate in the General Meeting despite having the held shares been disposed of following the day when the right to participate in the General Meeting was established.

- Shareholders, whose votes are cumulated and reduced, are jointly referred to as the Shareholders Grouping. The cumulation of votes involves summing up the votes held by individual shareholders of the Shareholders Grouping. The reduction of the number of votes involves decreasing the overall number of the entitled votes in the Company during the General Meeting to the shareholders being members of the Shareholders Grouping. The number of votes is reduced in accordance with the following rules:
 - the number of votes of a shareholder who has the largest number of votes in the Company among the votes of all shareholders in the Shareholders Grouping, is decreased by the number of votes equal to the surplus in excess of 10% of the overall number of votes in the Company held in aggregate by all shareholders in the Grouping,
 - if, despite the reduction mentioned above, the overall number of votes held by the Shareholders Grouping to be exercised at the General Meeting exceeds 10% of the total number of votes in the Company, the number of votes held by the remaining shareholders in the Grouping is subject to further reduction. The number of votes is further reduced in the order established on the basis of the number of votes held by particular shareholders in the Shareholders Grouping (from the highest to the lowest one). The number of votes is being further reduced until the aggregate number of votes held by the Shareholders Grouping does not exceed 10% of the overall number of votes in the Company,
 - in each case, the shareholder whose voting right has been restricted preserves the right to exercise at least one vote,
 - restriction of the voting right also applies to the shareholder absent during the General Meeting.
- In order to establish the basis for the votes being cumulated and

reduced in accordance with the above provisions, the Company's shareholder, the Management Board, the Supervisory Board and individual Members of such bodies may request the Company's shareholder to provide information on whether a person is the parent company or the subsidiary of PKN ORLEN.

The power referred to above includes also the right to request the disclosure of the number of votes held by the Company's shareholder individually or together with other Company shareholders. The person that failed to perform or performed unduly the obligation to provide the information referred to in this point, may exercise the voting right from one share exclusively until the breach of such obligation has been remedied and exercising the voting right by such person from other shares is ineffective.

- The restriction of the voting right, which is referred to above, does not apply to entities dependent on the State Treasury.
- For the purpose of the regulations indicated above, the parent company and the subsidiary shall accordingly mean a person:
 - who has the status of the dominant entity, dependent entity or both within the meaning of the Act of 16 February 2007 on Competition and Consumers Protection, or
 - who has the status of the parent company, senior parent company, subsidiary, lower level subsidiary, jointly controlled entity or of both parent company (including senior parent company) and subsidiary (including the lower level subsidiary and jointly controlled entity) within the meaning of the Accounting Act of 29 September 1994, or

 - whose votes from the Company's shares held directly or indirectly are cumulated with the votes of another person or other persons under the rules stipulated in the Act of 29 July 2005 on Public Offering and Conditions for Introducing Financial Instruments to the Organized Trading System and Public Companies, in connection with holding, selling or purchasing Company substantial shareholdings.
